### The BMW 6 Series range [F12, F13 & F06] – March 2014 product actions

This Product News contains information on forthcoming product actions for the BMW 6 Series [F12, F13 and F06] model range, including M6 derivatives, effective from production week 10, March 2014.

#### Key changes and introductions

- All 6 Series models will receive the new iDrive Touch Controller and 2VB Tyre pressure monitoring as standard equipment from week 10, March 2014 with no change to model pricing.
- Loudspeaker system – BMW Professional is replaced by option 688 Loudspeaker system - harman/kardon, which is priced at £995 (standard equipment for all M6 models).
- The M Sport Plus package (ZMS) introduced for all 6 Series M Sport models in November 2013 has been replaced by a new package (ZMU) to incorporate the new Loudspeaker system - harman/kardon (688) and provides a customer saving of £650. The new package, priced at £2,795 includes 20" M Double-spoke style 373M wheels, Loudspeaker system – harman/kardon, Head-up Display and Multi-functional instrument panel.
- To refine the 6 Series product range, 650i models will only be available to order in M Sport specification effective from week 09, March 2014. All 650i SE models will therefore end production in week 09, February 2014.

#### Model line-up

Please note the following model line-up changes:

Body Group	Model Code	Model Description	Details
F12	YP92	650i SE Convertible	Model deleted. Ends production: week 09, February 2014
